

INTRODUCING THE GALE 40 SERIES

The Gale 40 Series

The Gale 40 Series is the evolution from the award winning 30 series, the result of extensive research and development undertaken to provide you with accurate and uncompromised reproduction of movie soundtracks and music. With attention to detail second-to-none, these loudspeakers not only guarantee outstanding enjoyment but their elegant, clean lines also allow them to integrate seamlessly into your home.

Gale 4070W

Compact and powerful the 4070W will integrate seamlessly with other 40 Series loudspeakers. Its 65 Watt amplifier adds weight and also enhances the scale and depth of your home theatre experience.
