

## Gale Centre 10

The magnetically shielded Centre 10 provides the clear dialogue replay essential to seamless home cinema performance.

The design embraces a pair of 9cm paper pulp mid/bass drivers and a 10mm Mylar tweeter. By employing the same drive unit construction as the Satellite 10s, clarity and integration are assured.

All this from a model that is also one of the most keenly priced centre channel designs on the market.

### Performance

Power rating	15-80Watt
Impedance (nominal)	6 Ohm
Sensitivity for 2.83 V	87dB
Frequency response	80 - 20k
Driver details	
LF Driver	Mylar dome
HF Driver	2x3.5" paper cone
Crossover	2-way 1st Order
Shielding	Yes
Cabinet	
Dimensions mm	145x400x175
Ports	Infinite baffle
Terminals	Spring
Finish (vinyl)	Black ash
